Scope of review

We have conducted our review in accordance with National Review Standard 2410 as set out in International Standard on Review Services 2410 Review of Interim Financial Information Performed by the Independent Statutory Auditor of the Entity, adopted by Resolution No. 3436/52e/2019 of the National Council of Statutory Auditors of 8 April 2019, as amended.

The review of the interim consolidated financial statements consists of making enquiries, addressed primarily to those responsible for financial and accounting matters, as well as carrying out analytical and other review procedures.

The review is significantly narrower in scope than an audit conducted in accordance with the National Auditing Standards as set out in the International Auditing Standards. Consequently, the review is not sufficient to provide assurance that all material issues that would have been identified during the audit have been disclosed. Therefore, we do not express an audit opinion on the interim consolidated financial statements.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the interim consolidated financial statements are not prepared, in all material respects, in accordance with International Accounting Standard 34 *Interim Financial Reporting* as promulgated in the form of European Commission regulations.
